

Make and Move a Frog Jump Capital Frog

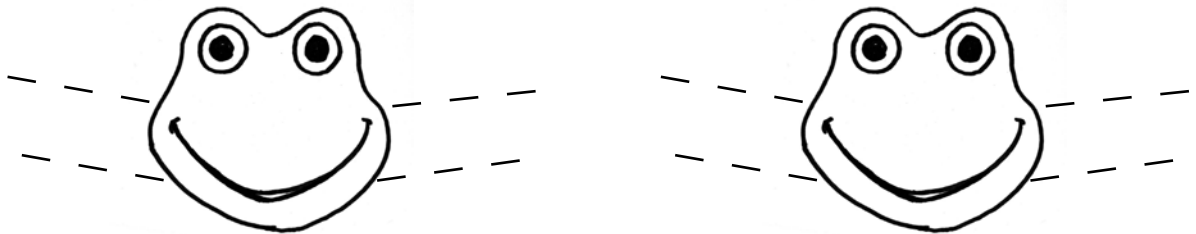

Get ready

Copy, color, cut and tape the frogs to your finger and to the child's finger (just below the fingernail). For fun, you may want to glue on googly eyes.

Try this

1. Using the *Rock, Rap, Tap & Learn* CD, Track #12, finger trace Frog Jump Capitals in the air.
2. Partner up and take turns tracing letters in the air. Try to guess the letter your partner is tracing.
3. Remember to "ribbit"!
